

The 7th Asia-Pacific Symposium on Radiation Chemistry

Nov. 4–8, 2018, Shanghai

Organizer: Shanghai Institute of Applied Physics, CAS
China Academy of Engineering Physics (CAEP)

Call for Papers:

The Program Committee has taken great care in setting up a scientific and abundant program that presents basic and applied research in radiation chemistry, new trends and ideas in nano-materials, biology, and others. The Organizing Committee cordially invites researchers and industry specialists interested in all fundamental and application aspects of radiation chemistry to participate in APSRC-2018.

Important Date:

Registration Open: 1st. Apr. 2018
Abstracts Submission Open: 1st. Apr. 2018
Abstracts Submission Close: 31st. Jul. 2018

Topics or Themes:

- Radiation Chemical effects in solid, liquid, gaseous phases
- Radiation biology and medicals
- Radiation processing & facilities
- Radiation technology application for novel or nano-materials
- Radiation technology application in industry, agricultural and waste treatment
- Others

For conference information, abstract submission, and registration, please visit the webpage:

The 7th Asia-Pacific Symposium on Radiation Chemistry

Nov. 4–8, 2018, Shanghai

Organizer: Shanghai Institute of Applied Physics, CAS
China Academy of Engineering Physics (CAEP)

Location:

The QUBE Pudong

Address: 5500 Chuansha Road, Pudong, Shanghai

Chairpersons:

Jingye Li (China)

Yoichi Yoshida (Japan)

Prakash D. Naik (India)

International Academic Committee

M. Al-Shelkhly (USA) S. Kapoor (India)

J.A. LaVerne (USA) M. Z. Lin (China)

J. P. Mittal (India) T. Mukherjee (India)

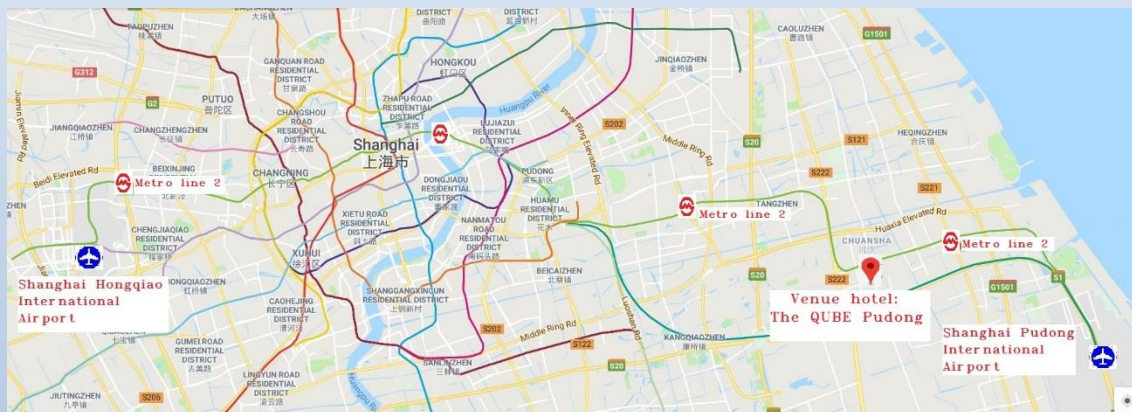

K. Nakagawa (Japan) H. Namba (Japan)

D. K. Palit (India) S. Tagawa (Japan)

X. L. Wang (China) M. Washio (Japan)

G. Z. Wu (China) Y. Yoshida (Japan)

M. L. Zhai (China)

Registration Fees:

RMB 2,000

(Only for those in China)

JPY 50,000

(Only for those in Japan)

US \$ 500

(Other Countries)
